

## 2022 06 02 Dutch Meeting K FEU

### Topics

Emotional testimonials about father meeting daughter and wife who passed away ..  
It's the expectation you have.

At the end -- a little how to prepare to come into FEU. Be joyful, without expectations but know what you want to do. Don't be anxious or you'll block the system and nothing will happen (or it happens later when you leave).

### English Transcription

(:00).

K- ... you most probably you know everything already .. questions about FEU .. extend to the knowledge.

(:02). Q: ...

(:04).

this PI energy in all the world

K- Our T

Q; ( Spanish .. ) how can we do to concentrate the PI ...

K- We teach in every direction .. aspects of the use of the T you have to decide what part suits you for what purpose .. if you are in agriculture , energy, medicine you decide what you do . (:06).

(:08).

Q: .. You ask in 2014 for me to make a wish .. I made the SF would become stronger, it happened, to me happened I lost my daughter in 1987, at that moment she was with me. It's like you described in the EU when you want to see your relatives you can. I was clearly awake when it happened to me. it's very emotional . my spouse passed away.

(:10). same things happened to me, my sunshine went away and I can't relate anymore to others in the U.

Does the FEU do the same as what happened to me.

K- Thank you. . sorry you to bring the emotions back this way. These systems are set by the emotion of what you want to achieve, They are not set by us.

You are the captain you decide. If we create the environment it's you who decides what is your true emotion inside. .. not everybody wants to travel all the time around the world.

Other people being home with their loved ones is more important than being around.

(:12).

We have had this experience with our own structure within the KF ... Would it create that condition, it's you who decides ..

(:14). or you want to see somebody who passed away 20 years ago or 2 weeks ago because you didn't finish the talking., to solve the problem you still want to complete. We just provide the aircraft .. that's why we don't interfere. The cycle of is so rapid we don't think you need more than 20 minutes. 30 minutes maximum, because a lot of you will be totally exhausted going through this process. Even we given you a chance for 2 sessions at the same time, one after another. ..  
You go into the system to see or to be with what you like.

(:16).

(:18).

Q: ... he is a bit confused , his connection with wife that died is still strong, but other connections are weakening. Is there a danger that these connections (:20) with wife would get weaker .. ?

K- It is the expectation that you have. We don't interfere and we don't promise ... you decide. It's you who has to make that decision, (:22). in what strength, D where and who you want to meet. I went through this during the trial .. the desire was so much to meet with the child who passed away .. the way it was put by the father, overrides the structure of what we set to do. The father could not reach the point he wanted, but later he realized what happened .. We cannot push anything with this T, it's you who takes the T to create new D for it.

We are not here promoting , advertising to sell something. WE are here to gather information perfect the system (S) , that every man gets what they need within the S. We test to see how much you got right in the S.  
We see what we missed , need to adjust ..  
(:24).

K- We had a lady who was wheelchair bound .. very serious condition, within .. first 2 months she started walking off wheelchair . started living again. 2 months later I got a call from husband that you are a charlatan, a crook, she is back in the wheelchair. . (:26).  
... husband was raping her so she went back ... she didn't have MS anymore ...

(:28).

(:30).

Once we complete I go back to Phillips, that's where my roots are from .. (:34) .

These are not medical units, they're space T , and in the space you always stay healthy.  
This is what the background to the whole work of KF

not to spend 120 light years away .. every star you see is reachable instantly as you see it.  
.. (:36).

(:40).

(:42).

A lot about Chinese trials with military .. Parkinson's etc ..

(:48).

With health applications we keep away .. but people are suffering because of it ...

The only pity is the knowledge has not been shared the way we wanted to share it. Now  
through the EU and now through FEU, (:50). we'll most ?? move to physical repair,  
soul repair is much easier ..

There is no law you can change your physical structure ..because that part goes to the  
church ..

You go to church for miracle, to KF for knowledge

T... (:52).

Q: .. on 6th June .. I am excited to be going there.

K- Have you registered

Q: one of the first 10 people to enter .. I am quite anxious

(:54).

Q: ... is it possible to be so unprepared for the flight simulation

K- Everybody is, even people who thought they are prepared ... don't worry about it.

.. they are so overwhelmed about what is going to happen to them that they don't allow  
the system to interact with them. Come with a joy, and see what outcome you really  
want ..

.. we changed the system by moving around .. we reduced the numbers on the first day ..  
(:56).

Because we want to see a lot of thing .

Don't come in with preset mind, .. with joy, and a clear decision what you want to do with each system. you have 2 systems  
We have allocated hour and half for the first person ..  
First day we want to see maximum operational capabilities .

Come with wish don't come with anxieties .. because you run into blockage ..  
(:58).  
You move from one S to another ..

I call it debriefing, then we see what you come out, what joys you carry.  
I know exactly what I want to do with you 3 on Monday .. Don't start before 12 o'clock .

Q: .. my dear friend and me think about going together in the unit.  
K- You can decide we have 2 seats ..

K- I leave it with you, enjoy the experience  
(1:00).

Thank you for having me ...

Q: I have been trying to bring others with me. How can I prevent , I am on a soul journey, How can I prevent them from my soul becoming out of balance ..

K- It's not even a consideration. If you bring anybody with you , you have to register. We don't allow anybody coming in to see things ...

Q: (1:02). I noticed the emotions of others effects me

K- Of course it does, You cannot be intrude

K- If you ask and are given it is your right.

END
